Hi

Afternoon is looking better for me since I have a meeting in the AM.

John

Michele:

August 10th works for me. After I get a confirmation from John I will setup a meeting room.

Thanks,

Rob

Hello John and Rob,

We thought it would be a good idea to get our next technical work group meeting onto the calendar. Lisa and I are proposing to come to Sacramento on Monday, August 10, same time, same place. We can put together an agenda closer in, but we know at least there was an action item from last Thursday's meeting--to discuss a deliverable format and realistic date for a summary of the Category 1 drinking water well evaluations. Perhaps further discussions on Arroyo Grande as well.

If that time is not convenient, Wednesday and Friday may also be possible. Please let us know at your earliest convenience. Also, please forward to others as appropriate.

Thanks,

Michele

Sure, if you promise it will be at least 100 degrees. Shall we shoot for 9:30 am at DOGGR offices?

Hi John,

Can you or someone else from the Water Board join us on July 13?

Michele

Hi Rob,

How about July 13?

David:

Thanks for the quick email. Actually I'm not available on July 8th and 9th. Any other day will work for me.

Thanks,

Rob

Subject: Technical UIC discussion

Hi Rob,

Thanks for agreeing to set up a technical discussion about the UIC data that the State has sent, particularly the 176 category 1 wells. It looks like next Wed. (July 8) maybe around 10am would be a good option for Michele and Lisa. I will be out of the office until July 16th, but they are available and prepared to have the discussion. I'm copying the Water Board on this as well as was just discussed.

Let us know if that works and please feel free to coordinate directly with them in the planning. I think Lisa may be sending you a short list of wells about which we had some specific questions.

Thanks!

David
